February 2017

Objective of AEFCE Programs

The Aviation Education Foundation of Colorado (AEFCO) is dedicated to introducing High School students to Professional Aviation as a potential career after college. To that end, the Private Pilot Certificate is the basic building block for advancing into a career in Professional Aviation, whether it is a flying or nonflying career.

AEFCO Student Successes in the Last 12 Months

February 2016 through January 2017
